

GroMak GOLD

ENRICHED
BOOSTER TONIC

Liquid

GroMak Gold Liquid is a perfect combination of amino acids and trace minerals.

GroMak Gold Liquid is the leading growth promoter liquid in the poultry sector, designed to maximize flock performance. Enriched with essential amino acids, Minerals and nano minerals, it ensures superior growth, enhanced immunity, and optimal feed conversion.

Composition

Each 500 ml contains:

Methionine (Methionine Hydroxy Analog)	145.0 g
Choline chloride.	72.0 g
Lysine hydrochloride.	72.0 g
Sodium	402.0 mg
Ferrous (Iron)	305.0 mg
Cobalt.	232.5 mg
Copper	192.8 mg
Phosphorus	152.5 mg
Nano minerals	1095.7 mg
Protein concentrate (High quality concentrate protein derived from yeast)	Q.S

Benefits

- The chelated compound boosts up the productivity by enhancing the performance of many system of the body
- Improves Egg Shell quality.
- Prevents production Fluctuation.
- Reduces mortality due to Deficiencies

Methionine (MHA), Lysine hydrochloride: Development of internal & visceral organ, protein synthesis, regulation cell division & methyl donor. Boost up extra weight gain during chick stage, improves production & other performance.

Choline chloride : Tones up liver cells & stimulate fat metabolism & increases digestible energy. Protects liver cells from mycotoxin & prevents fatty liver syndrome.

Sodium : Improves overall performance, tones up heart muscles hence prevents sudden death syndrome. Reduces mortality during extreme heat & cold conditions.

Ferrous (Iron) & Copper : Increases hemoglobin & RBC count that play important role in gaseous exchange hence protects birds from heat stroke. Prevents heat stress & related mortality, Prevents sudden death syndrome.

Cobalt : Tones up cells of the sexual organs especially ovary function & stimulates production. Increases production, prevents premature death.

Phosphorus : Improves calcium metabolism & ensures proper skeletal growth. Prevents leg weakness, improves skeletal growth. **Concentrate Protein (high quality concentrated protein derived from yeast, single molecular protein)**

Nano-minerals : They play a vital role in strengthening the immune system, helping poultry resist infections and maintain overall health. By improving metabolic processes and nutrient absorption, nano minerals contribute to faster weight gain and improved feed conversion ratios (FCR)

Features

Provides methionine in the form of Methionine Hydroxy Analogue (MHA)

MHA is a precursor of DL-Methionine, it is absorbed through intestinal tract so quick results specially during off-feed conditions

Chelated trace minerals, hence they are more bio-available, high concentration of Zinc stimulates production.

Protein concentrate built up muscles specially increases breast muscles yield

Nano-minerals in GroMak Gold Liquid have a larger surface area, enhancing absorption in the gut and improving overall mineral utilization. This leads to better growth rates, stronger bones, and improved immunity in poultry.

Dosage

Broiler	: 5-10ml / 100 birds
Layer	: 10-20ml / 100 birds
Breeder	: 20ml / 100 birds
Packing	: 5 ltr

(An ISO 9001:2015 Certified Company)

GMP & HACCP Certified

Manufactured and Marketed By:

ZENMAK NUTRIGENCIES AND HEALTH PVT. LTD.

Regd. Off: No. F2, Sand Stone Apartments,
14/5, Main Road Velacherry, Chennai - 600 042.
